

# How to withdraw a stake of Theta or Tfuel

notes

- Thetaboard recommends using a laptop/pc where available for this process.

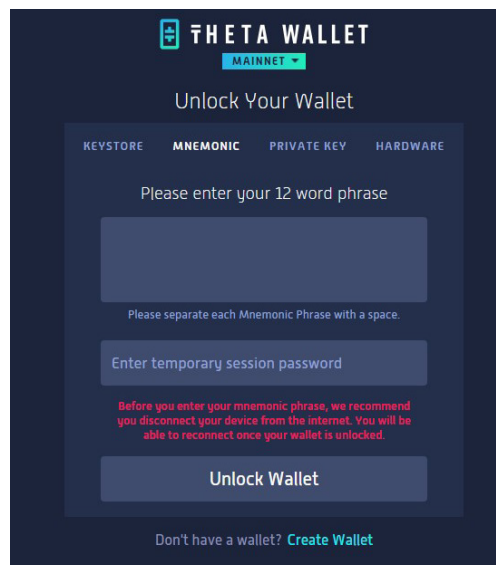

## STEP 1

Visit <https://www.thetatoken.org/> and click on the wallet link

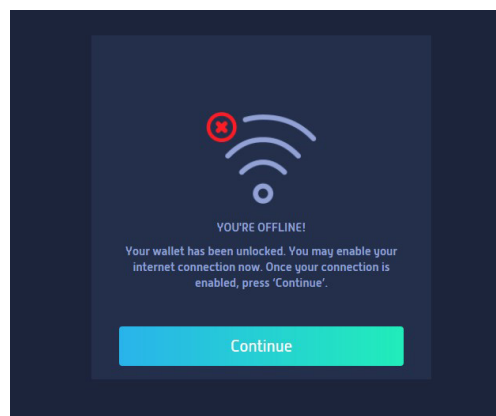

## STEP 2

Open your wallet with your preferred method.

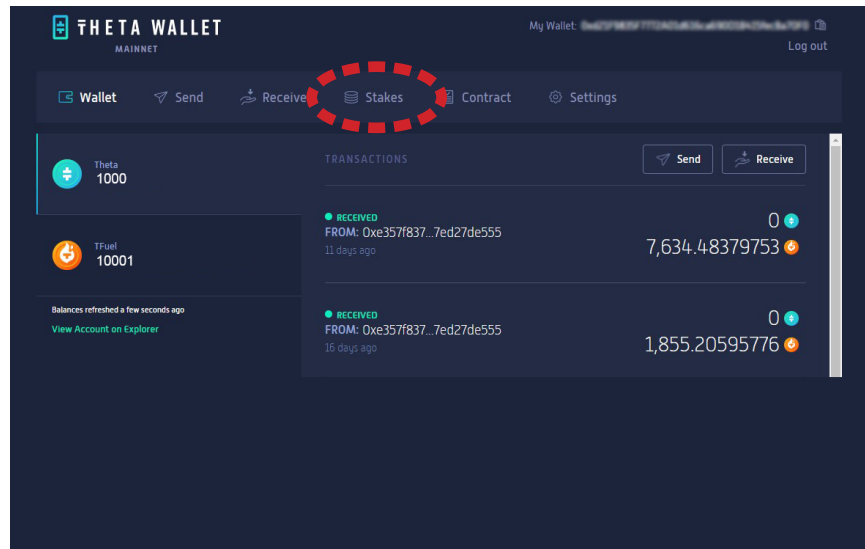

If using your 12 word mnemonic, please disconnect your internet, then enter your 12 words, a password for this session, and click UNLOCK WALLET.

Then reconnect your internet on the next page.

### STEP 3

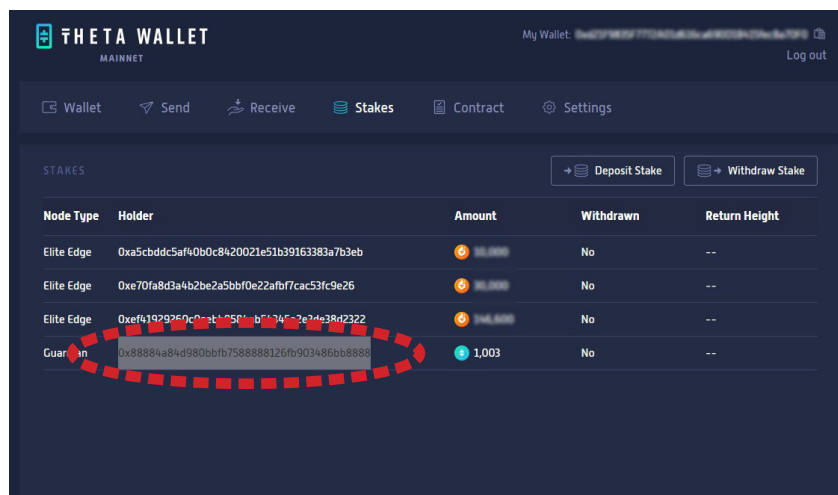

Click on Stakes

### STEP 4

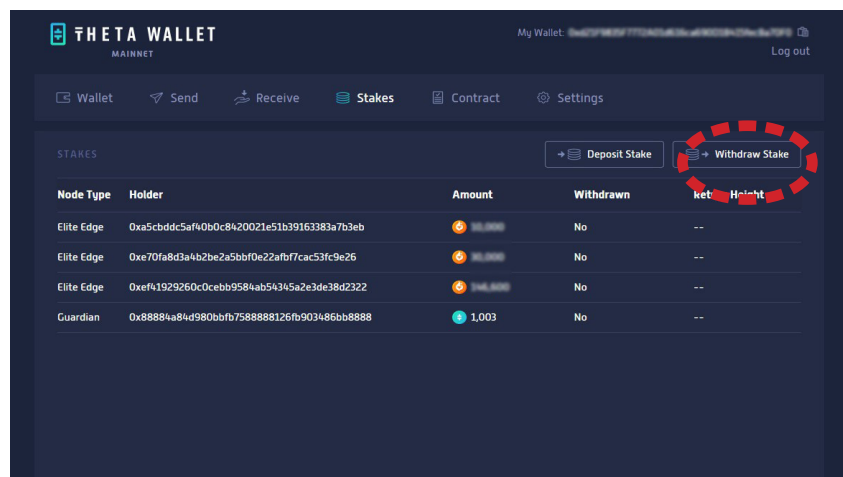

The method is the same for either Tfuel or Theta Withdraw.

Select and copy the Holder Address for the stake you wish to withdraw

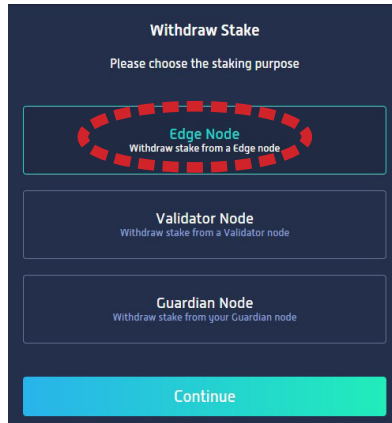

### STEP 5

Select Withdraw Stake

## STEP 6

Select either Edge Node or Guardian Node to withdraw and click continue

**Withdraw Stake**  
Please choose the staking purpose

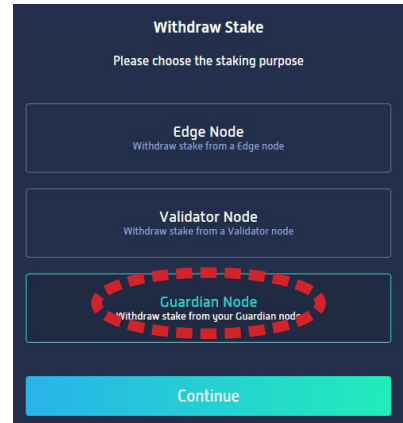

**Edge Node**  
Withdraw stake from a Edge node

**Validator Node**  
Withdraw stake from a Validator node

**Guardian Node**  
Withdraw stake from your Guardian node

Continue

OR

**Withdraw Stake**  
Please choose the staking purpose

**Edge Node**  
Withdraw stake from a Edge node

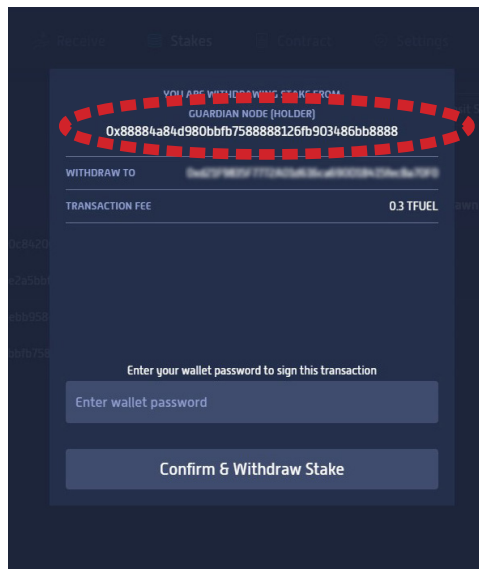

**Validator Node**  
Withdraw stake from a Validator node

**Guardian Node**  
Withdraw stake from your Guardian node

Continue

## STEP 7

Paste the Holder address you copied previously

**Withdraw Stake**

YOU ARE WITHDRAWING STAKE FROM  
GUARDIAN NODE (HOLDER)  
0x88884a84d980bbfb7588888126fb903486bb8888

WITHDRAW TO  
0x4079609f7770a704b3c4a49010ba179e8a7090

TRANSACTION FEE  
0.3 TFUEL

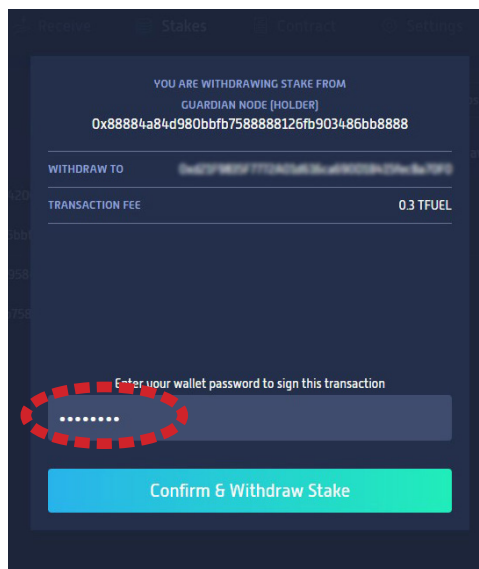

Enter your wallet password to sign this transaction

Enter wallet password

Confirm & Withdraw Stake

## STEP 8

Enter your wallet password, and click confirm and withdraw stake

**Withdraw Stake**

YOU ARE WITHDRAWING STAKE FROM  
GUARDIAN NODE (HOLDER)  
0x88884a84d980bbfb7588888126fb903486bb8888

WITHDRAW TO  
0x4079609f7770a704b3c4a49010ba179e8a7090

TRANSACTION FEE  
0.3 TFUEL

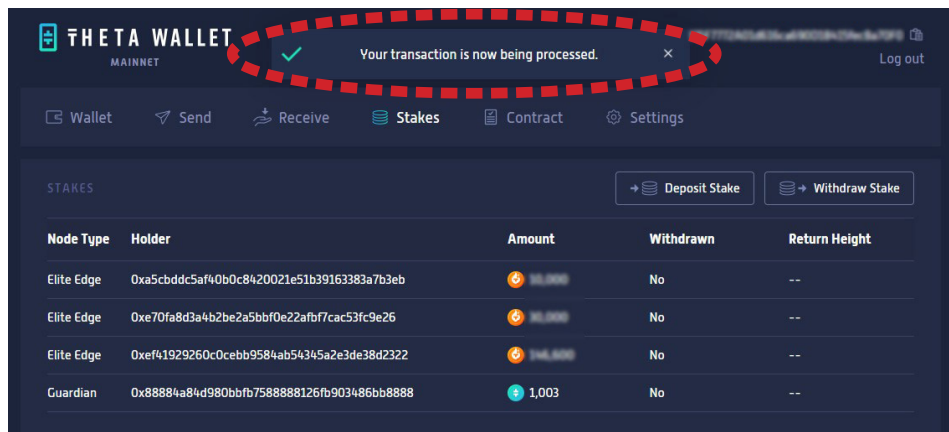

Enter your wallet password to sign this transaction

.....

Confirm & Withdraw Stake

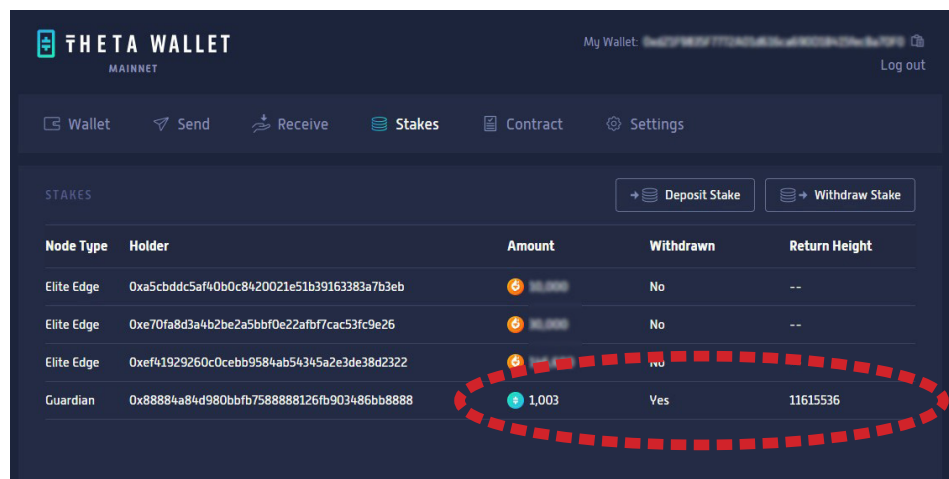

## STEP 9

Your transaction will be processed

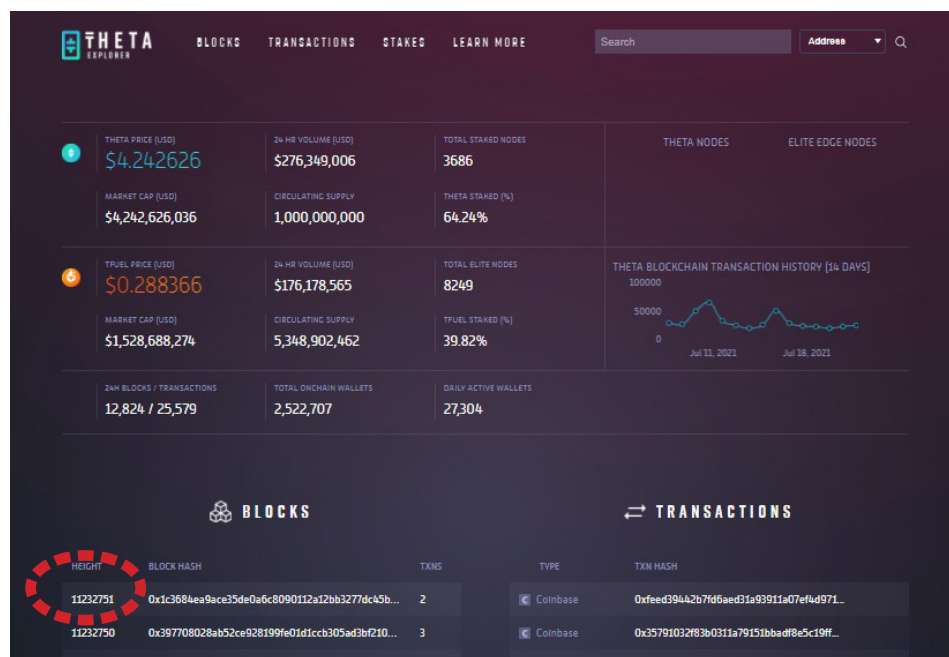

## STEP 10

The dashboard will show Withdrawn as 'yes', and give you a Return Height. The Return Height corresponds with the Block Number in approx. 55 hrs that your stake will show up in the balance inside your wallet. You can write this number down.

## STEP 11

To check current Block Height numbers, visit <https://explorer.thetatoken.org/>  
Blocks size average about 6.5 seconds.
